

The issue of training data and data wrangling is **Not Applicable** to my Math Arithmetic Number Talk Chatbot capstone project, as previously discussed with my mentor Rajib. Instead the plans for my math chatbot project are described in the following two public documents:

<https://github.com/michaelayang/michaelayang-umgc-aibc/blob/main/Capstone%20Proposal%20Michael%20Yang%20July-August%202026.pdf>

<https://github.com/michaelayang/michaelayang-umgc-aibc/blob/main/Existing%20Research%20and%20Projects%20Related%20to%20MYang%20Capstone.pdf>

Note: The present document is provided as both the submission to the UMGC AI Bootcamp Springboard section 16.4.2, and also section 20.6.3.
